Transforming Classrooms Into High-Achieving Centers for Learning

Capturing Kids' Hearts 1 Training (CKH-1) has already dramatically elevated the academic and behavioral standards for millions of students in thousands of classrooms.

Teachers face a formidable challenge: they must raise the bar on student performance, all the while competing against social, environmental, and outside pressures as never before. While researchers and district personnel work to determine the most effective curricula, teachers struggle to manage classrooms.

Teachers can't always control what comes into their classrooms, but CKH-1 shows them how to create high-achieving centers of learning by strengthening students' connectedness to others through enhancing healthy bonds with their teachers and establishing collaborative agreements of acceptable behavior.

The Capturing Kids' Hearts® Process is working in thousands of classrooms across the country to provide the strategy and training for teachers and administrators to achieve success in today's classrooms.

Give us a teacher who's passionate about their subject, a teacher who cares for the welfare and success of their students, and we'll give that teacher the tools they need to engage and challenge students, and raise them to a higher level of performance.

When CKH-1 is combined with a systemic approach, our research-based process improves the five key indicators of school performance: fewer discipline referrals, improved attendance, higher student achievement, lower dropout rates, and higher teacher satisfaction.

Campuses implementing with fidelity have experienced:

- Strengthened student connectedness to others by enhancing healthy bonds with teachers
- Consistent rules of conduct, with reduced disciplinary escalations and referrals
- Dramatic reduction in truancy and dropouts
- Reduced negative behaviors
- Significant improvement in student academic performance
- District-wide improvements in test scores
- Higher rate of job satisfaction among teachers
- Increased teacher retention and improvement in teacher recruiting

Participant Outcomes:

CKH-1 is an immersive, participatory experience. Teachers, staff, and administrators learn and practice skills they will use and model in their classrooms, schools, and districts, including:

- How to build meaningful, productive relationships with students and colleagues
- How to use the Capturing Kids' Hearts® EXCEL Model™ to create a safe, effective environment for learning
- How to develop self-managing, high-performing classrooms using team-building skills and a Social Contract
- High payoff techniques for dealing with conflict, negative behavior, and issues with disrespect

CKH-1 is the beginning of a transformational, multi-year process for teachers and administrators at the campus or district level. When school administrators provide ongoing support for teachers using the CKH Process, the entire school grows a sense of loyalty and enthusiasm for learning.

Capturing Kids' Hearts

Capturing Kids' Hearts (CKH), powered by Flippen Group®, is one of North America's largest educator training companies and fastest-growing leadership development organizations. Our company was founded in 1990 by internationally known educator, New York Times best-selling author, psychotherapist, executive coach, and leadership expert Flip Flippen.

- Each year, thousands of educators and business leaders attend our "hands-on" trainings, and are challenged and inspired by our keynote presentations
- On any given school day, the Capturing Kids' Hearts Process and curricula positively impact millions of students in districts nationwide
- The education training staff are former educators, administrators, and teachers who implemented our process first-hand in their classroom or campus settings. The team understands the importance of quality education, a positive learning environment, and the significance of preparing the next generation

In addition to serving in education, Flippen Group has teams supporting Fortune 100 companies, small businesses, professional athletes, major sports franchises, government agencies, non-profit groups, and colleges. All Flippen Group executive coaches and training personnel come from backgrounds that enhance the delivery and value of the training experience. Our approach and trainings create a positive working environment and build cohesive team dynamics, resulting in increased productivity and retention.
